WHO ARE WE?

25+ Years Experience

300+ Subsectors

500+ Real Customers

15,000+ Produced Systems

SMART CONTROL

Central Control (room) Design
& Implementation & Renovation

User-friendly
& Professional UX

Online Material Status Monitoring
& Attribute Detection

Remote Access
& Control, Data Display
& Analysis

Non-intelligent existing devices can also be upgraded & transformed into intelligent ones.

SERVICES

We Provide Globally Accessible Full Lifecycle Service

Concept
→ Customization, R&D, Testing

Manufacturing
→ Factory Testing

On-Site Installation Commissioning
→ Production Launch

Maintenance and Repair
→ Retrofitting and Upgrading

We Nurture Every Meticulously Designed Process with Care.
